Bonds — Improvement was  
Noted in All Standard Railway  
Mortgages — Some Flotation.

**NEW YORK.** April 27.—Stocks opened up this morning easy, and after moderate fluctuations either way settled back on advances of crop damage. Sterling exchange was stronger, and call money was at the legal rate, 6 per cent. In the afternoon, as with a number of companies, small prices fell, with a result that the market showed under pressure. The demand for money was incidental to the positions of corporations to meet May disbursement, and then there was a disposition among traders to anticipate a possible squeeze in call money tomorrow, and so to keep the market quiet. There was moderate arbitrage buying for London account early, and the traders also were prominent buyers, but the diminishing commission-house business probably then saw some profit realization and sell for a turn. The trading in all half million shares was practically all for professional operators. Silver certificates representing 100,000 ounces changed hands at from 62½ to 64½, the latter being the highest figure. In over two thousand sales, the average price was 63½, well as dividend gossip imparted strength to Denver and Rio Grande issues. Anaconda Mining had over 3 points knocked off from its recent advance on liquidation from the date of the decision of the Court of Appeals. "Trust had control of the property." Manhattan Beach dropped 7 points, with little recovery on stop-loss orders being reported. New York Alton Bridge had up 4 points, those other part of which it had on the approach of the industrial recession, which friends of the property hope will be favorable. Delaware, Lackawanna and Western recovered from yesterday's depression, which was associated with the labor difficulties. The heaviest of the market was accentuated by free selling of Brooklyn Transit and Sugar, although an earlier rise in Sugar was a rumor that the company was about to take to the market a new issue of stock at par, to be used in connection with some deal with the rival interests.

Further improvements were made in all the standard railway mortgages, to-day, and some new donations were also taken at the same figure. Total sales \$1,165,000. United States registered 3% declined 4% and do. coupon, the new 4% coupon and the 3½ in the bid price. The total sales of stocks were 54,600 shares, or \$1,090,000. 6½, 6¾, 7, 7½, 8, 8½, 9, 9½, 10, 10½, 11, 11½, 12, 12½, 13, 13½, 14, 14½, 15, 15½, 16, 16½, 17, 17½, 18, 18½, 19, 19½, 20, 20½, 21, 21½,
